

multicomp-SMR 5

Figure: multicomp-SMR 5

Current relay

TYPE	Apparent current relay multicomp-SMR 5
Control voltage	U control = 230 V, 50 Hz
Transformer connection	5 A
Operating current	Adjustable 0.05 – 5 A
Dropout current	Adjustable in % of operating current (50 – 99%)
Switching capacity	1 changeover contact, 250 V, 5 A
Fixing	Screw attachment or 35-mm DIN rail
Size (H x W x D)	120 x 45 x 75 mm

The apparent current relay **multicomp-SMR 5** is used to automatically switch fixed capacitors on and off. Current is recorded via a current transformer.
